NEWS FLASH

> High-efficiency CST Rotary Screen advances 21st Century solids removal from industrial and municipal wastewater

CST Wastewater Solutions has introduced its latest-technology Rotary Drum Screen for high efficiency screening of industrial and municipal wastewaters.

Featuring all-stainless construction including base frame – and being fully enclosed for odour and aerosol control – the new design advances rotary drum screen technology well into the 21st century, said Michael Bambridge, Managing Director of CST Wastewater Solutions.

Advantages of the screen that enhance durability, hygiene and serviceability... [for more...](#)
