

KDS Separator

Multi-disc Roller Separator

**CST Wastewater
Solutions**

Clog free

The self-cleaning structure of the KDS separator can handle oily and fibrous materials at ease.

Problem-free

The KDS Separator allows automatic, continuous operation.

Small Footprint

The smallest model of the KDS Separator takes up less than 67 cm

Low Operating Costs

Separator Consumes as low as 0.06kW and "ZERO" rinsing water is required.

Highly Efficient Self-Cleaning Separator

A simple, compact, efficient and unprecedented solid liquid separator with so many advantages.

Various Applications

The KDS Separator can be used for wastewater, sludge, livestock manure, food waste, algae, grease trap waste and more!

Structure

Dewatering and Conveying

Secret of Self-cleaning Mechanism

Oval plates push down the stuck solid matter to keep the filtering zone clean.

Applications

KDS Separator Applications

Food industry

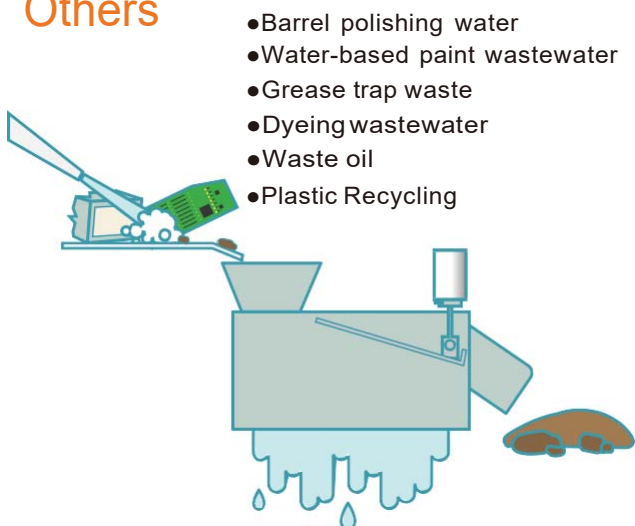

Sewage Treatment

Cattle Farm

Others

Pig Farm

KDS Separator References

Digested Sludge

Dewatering of digested sludge from a biogas plant.

Solids capture rate: 99.3%

Cake dryness: 21.7%

Seafood Processing Waste

Oily fish waste captured by grease trap in wastewater treatment.

Flow rate: 39,974 litres

Dry solids throughput: 149.7kg-DS/day

Livestock Manure

Dewatering of livestock manure without polymer usage

Solids capture rate 64% (no polymer used)

Cake dryness 24.2%

Dissolved Air Flotation Sludge

Thickening of DAF sludge

Solids capture rate: 97%

Thickened sludge dryness: 17%
